

CATALOGUE

TopFanZ

For the love of the game

Topfanz helps professional football clubs in Western Europe to enhance the fan experience.

Just as a technical director, helped by a network of scouts, attracts the right talents, we help you put together your assortment of merchandising products.

We have an extensive and reliable network of suppliers and in-depth market knowledge. We can help both with fast delivery in small quantities and a large-scale order at a lower price.

**The minimum quantities for the products are indicative. Keep in mind that for some specifications, eg. a customized color, higher quantities are required.
Some products can also only be ordered at specific times.**

So be sure to contact us for more information about our products.

A black and white photograph of a soccer ball hitting a goal net. The ball is white with black and yellow patterns and is positioned on the left side of the frame, partially obscured by the net. The net is made of white cord and is stretched across the right side of the frame. The background is dark and out of focus.
